creative innovation 2010
nurturing ideas, inspiring minds, creating futures

Melbourne Recital Centre. 8-10 September 2010

proudly presented by  

Imagine coming face to face with the future!

Imagine a Conference that was out of the ordinary... that pushed the boundaries...

Imagine a gathering of amazing people, bringing the latest thinking on creativity and innovation, speaking in new ways that you have not heard from them before...

Imagine exhilarating exploration, innovation challenges and powerful connections...

Creative Innovation 2010 proudly presented by Creative Universe and ANZ is the place to learn from world changing innovators, futurists, inspired thinkers and curious souls gathered together in an interactive community. It's a place to learn techniques and strategies, unlock and share ideas and gain empowering experiences... A place to imagine the future.

Creative Innovation 2010 is inspired by thought platforms such as TED (www.ted.com). The TED conferences in Long Beach and Oxford bring together the world's most fascinating thinkers and doers, who are challenged to give the talk of their lives (in 18 minutes).

Whether you work in Media, Finance, Education, Health, Manufacturing, Commodities, Tourism, NFP.... Whether your passion is football, opera or bushwalking... Whether your commitment is to building share prices or reducing suffering (or both)... Whether your contribution is paid or unpaid... Creativity and Innovation matter!

This is a once in a lifetime event you cannot miss!
