Brief Summary:

Warren has over thirty years experience in leading major organisations through CEO and senior management appointments in business and government.

He is principal of Warren Hart & Associates, a boutique management consultancy which has been advisor of choice to many leading private and public sector corporations. His clients include companies in the mining, metals, consumer goods, biotech, local government, financial services and federal and state public sectors.

Warren initially gained tertiary qualifications in law and labour relations. He was Managing Director of Australian Water Technologies and Australian Water Technology International Pty Ltd, Chairman of AWT Philippines Pty Ltd and Deputy Managing Director of the Sydney Water Corporation. He was Chairman of Water Eco Science Laboratories Victoria.

Warren has extensive experience in working internationally having managed projects in The Philippines, Malaysia, New Zealand, Thailand, Singapore, and Indonesia.

Warren is a former CEO Institute member and is currently an active company director, executive mentor, advisor to CEOs and boards, and consultant to the public sector. He is frequently sought after as a public speaker on CEO leadership and government issues, and enjoys broad networks at government and senior business levels.

Best advice ever received

"In the end it all comes down to people. Mentor, develop, respect them and provide them with a reason to engage and they will continually deliver"
